

## DI & DII ELIGIBILITY

### GENERAL RULES

- All teams from a Club must compete in the same division when a DI | DII split is offered.
  - If no split occurs, DI and DII may compete together (this does not change your status).
  - If a DII Club chooses DI for one team → ALL teams from the Club must compete DI at the competition and all future competitions for the remainder of the season.
- 

### CLUB RESPONSIBILITIES

- ✓ Confirm all teams are in the correct division when splits occur
  - ✓ Double-check performance orders against your USASF competition-specific roster
  - ✓ Contact [rgalik@usasf.net](mailto:rgalik@usasf.net) if corrections are needed to your USASF profile
  - ✓ If the team is incorrect on the performance order, contact the competition producer directly
-
