Athlete Bid Limitations

Athletes competing for second bid with a second team

- Once an athlete has competed with a team and earned a paid or partial-paid bid, they may join a second team within their club.
- If the second team earns a paid or partial-paid bid, the athlete is **bound to that second team for The Cheerleading Worlds** and may no longer compete with the first team. **NO EXCEPTIONS** will be granted at any time.

Additionally, teams are allowed a limited number of athletes who have previously earned paid or partial-paid bids to compete for and be awarded a bid on a second team:
