Coach Credentialing Requirements

All coaches must complete credentialing requirements on or before April 16.
All USASF cheer teams competing at The Cheerleading Worlds must have a coach, or combination of coaches, credentialed in building and tumbling through the required levels:

- Level 6 teams: Building and tumbling through Level 6.

- Non-Tumble teams: Building through the team's competition level.

Coaches who collectively meet these requirements must be listed on the team's official Worlds roster and physically present with the team in the warm-up rooms at all times. Only coaches who meet the applicable credentialing requirements and are listed on the official Worlds roster may enter the warm-up rooms.

NOTE: Non-coaching club owners without the required credentials are prohibited from coaching in the Worlds warm-up rooms.
