# Event Coverage & Media Policy

## Event Coverage

Results will be posted on TheCheerleadingWorlds.net and behind-the-scenes USASF coverage will be posted regularly throughout the weekend on the USASF Instagram page.

## Live Streaming

Live streaming of performances from The Cheerleading Worlds will be available throughout the event. Streaming details, including how to watch, will be announced closer to the event.

## Complimentary Action Moments Photography

Action Moments Photography will have up to three cameras on each Worlds stage capturing hundreds of action shots of your athletes during each performance. Coaches will receive photo links via email to share with their team.

## Media Policy

### Media Guidelines

- Media passes will be issued to working journalists from media outlets such as television stations, newspapers, magazines and recognized industry websites with the purpose of producing editorial coverage of Worlds.
- Media passes grant entry into all cheer and dance performance venues. Journalists may sit in any available spectator seat.
- Designated seating near the stage is reserved only for official event photographers and partners and requires a separate credential.
- Media credentials must be worn at all times while in venues.
- Media passes are nontransferable, and may only be used by the person to whom they were granted.
- USASF/IASF has the exclusive right to approve, deny and distribute Worlds media credentials and does so at their discretion.

### Photography & Recording

- Commercial photography, videography and audio recording are strictly prohibited throughout Disney property — this includes event venues, hotels, restaurants, pools and surrounding areas.
- Personal photography using phones or tablets is allowed and may be shared publicly.
- Cameras with extended lenses are prohibited.
- Short video clips (up to 15 seconds, no audio) of performances may be posted on social platforms or websites.

### Music & Copyright

- Recording, posting or broadcasting music from performances is not permitted due to copyright laws.

### Live Streaming

- Commercial and personal live streaming of performances — full or partial — is prohibited on all platforms, including but not limited to Facebook Live, Instagram Live, TikTok and YouTube.
