Preparing for Travel

Park Reservations

- To help manage park capacity, the Walt Disney World® Resort uses the Disney Park Pass service for theme park reservations. To make theme park reservations, you will need a My Disney Experience account and valid theme park admission linked to it. **Visit: How to make** Theme Park Reservations
- After paying in full, expect a Worlds Registration email with a ticket confirmation order number within three (3) business days. Create a My Disney Experience account, then choose dates and theme parks for your visit. Remember, a reservation and valid admission for the same park on the same date are necessary for park entry.
- Reservations are limited in capacity, subject to availability and are not guaranteed until confirmed.
- Park availability is limited and USASF cannot assist with park reservations.
- Walt Disney World visitors may hop from park to park with no time restrictions. All-day park hopping access is back, allowing guests with valid park hopper tickets to freely visit any of its four theme parks at any time during normal operating hours. However, you still need a theme park reservation for the first park you plan to visit. Once you've visited that park, you can hop to another park anytime during the day without needing an additional reservation.
- IMPORTANT NOTE: The reselling or the transferring of theme park tickets in the state of Florida is a crime as described under Florida state laws; Florida Statutes s. 817.361 and Florida Statutes s. 817.36.

Prepare Before You Go

We encourage you to refer to Getting Ready for Your Visit to Walt Disney World Resort for helpful information regarding:

- park reservations
- My Disney Experience mobile app
- health and safety
- property rules

Airport Transportation

Airport transportation is not included in hotel packages. You must arrange your own transportation to and from the airport. Here's a convenient option to consider: Mears Connect who will offer a discount to Worlds guests. Reserve at Mears Airport Transportation.

Safety Champion

Each team, regardless of travel package, must designate a Safety Champion who is at least 18 years old and is not the head coach. Clubs bringing multiple teams must designate a different Safety Champion for each team.

Safety Champions must complete additional Walt Disney World Resort safety training before the event. They will be confirmed at registration in Orlando and are responsible for the team's compliance with event health and safety requirements.

NOTE:

- Safety Champions must be registered as personnel in the event registration system.
- They are not required to be listed on the official Worlds roster in the USASF member portal or accompany the team into warm-ups.
- A team's allowed non-coaching representative (NCR) does not have to be its Safety Champion.
- Safety Champions may enter warm-ups only if listed on the official Worlds roster as the team's allowed NCR.
