

The scoring guide was created to help judges provide consistent, objective evaluations and minimize bias. It also helps coaches better understand the scoring tool, promoting transparency and clarity. When scoring caption by caption, judges should first determine the appropriate adjective that best describes the performance within that caption, then assign the corresponding numeric value.

SCORING GUIDE

10 — Outstanding

9 — Excellent

8 — Very Good

7 — Good

6 — Fair

5 — Not Established

4 — Poor
